# Clara Barton Elementary School 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year) 

General Information about the School Accountability Report Card (SARC)
SARC Overview

| By February 1 of each year, every school in California is required by state law to |
| :--- |
| publish a School Accountability Report Card (SARC). The SARC contains |
| information about the condition and performance of each California public school. |
| Under the Local Control Funding Formula (LCFF) all local educational agencies |
| (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), |
| which describes how they intend to meet annual school-specific goals for all pupils, |
| with specific activities to address state and local priorities. Additionally, data |
| reported in an LCAP is to be consistent with data reported in the SARC. |

## 2023-24 School Description and Mission Statement

Clara Barton Elementary produces honest, respectful, and productive citizens that are lifelong learners fueled by curiosity and perseverance. At Clara Barton Elementary, we believe that each student is unique and has the ability and right to find success at school. We seek to collaborate with families in order to develop the total child; academically, socially, emotionally, and physically. Clara Barton Elementary will continually foster self-esteem to develop confident, independent thinkers with an eagerness to learn. As a Gate Magnet school we strive to be the best school in our district.

Teachers will work in collaborative teams to establish clear learning outcomes based on the Common Core State Standards. Teachers will monitor student progress with a variety of assessments. Interventions will be developed based on assessment results in order to provide more time and support based on each student's demonstrated need. Professional development opportunities will be developed in accordance with valid research-based practices. Our teachers are currently undergoing Science of Reading and math training.

We will emphasize the development of positive character traits by frequent reflection on being safe, responsible, respectful, and kind. All members of the school community will model and demonstrate these traits as students work to develop and practice them.

This summer, our front office building was recarpeted to replace outdated carpeting. Our school is slated to receive upgrade infrastructure. This school year, solar panels will be installed at our school. It will also be a great opportunity for our students to have additional shade structures out in the playground.

All members of the school community will help to support students in their learning. Decisions will be guided by the promotion of our student-centered Clara Barton School Motto:

I believe in myself. I believe in my future. My future begins today.

## A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in the core curriculum are aligned to the California State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's eight-year adoption cycle for core content materials (English/language arts, math, science, and social science).

On Tuesday, September 5, 2023, the Corona-Norco Unified School District's Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted Resolution No. 37 which certifies as required by Education Code $\S 60119$ (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2023-24 school year, Corona-Norco Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

## School Facility Conditions and Planned Improvements

The district's maintenance department inspects Clara Barton Elementary School's on an annual basis in accordance with Education Code §17592.72(c)(1). Corona Norco Unified School District uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs.

The most recent school inspection took place on 4/19/2023. Deficiencies noted in the school inspection survey were corrected immediately by the district's maintenance department. During fiscal year 2022-23, all restrooms were fully functional and available for student use at the time of the inspection.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

## Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

## College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.
Science test results include the CAST and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2023-24 School Safety Plan

The Comprehensive School Site Safety Plan was developed for Clara Barton Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, lock-down and fire drills, and dress code policy. The school's most recent school safety plan was reviewed and updated October 2023, by the safety committee. The plan was discussed with school staff on October 10, 2023.

## Professional Development

All training and curriculum development activities at Clara Barton Elementary School revolve around the California State Standards. Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input and data analysis, to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Barton Elementary School supports ongoing professional growth throughout the year. Teachers meet with department level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training session as 1) a supplement to sitebased staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula. Barton Elementary School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides and paraeducators are provided targeted training focused on teaching strategies and curriculum content. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

Professional Learning is aligned to the CNUSD Strategic Plan and must have an area of focus in order to be financially supported at the district level. Academic Excellence, Student Well-Being, Equity, and Effective Governance are the four target areas of the Strategic Plan.

1. In 2021-2022, CNUSD had 272 professional learning titles with 737 sessions lasting from 1-8 hours. CNUSD logged 11,718 staff members attending sessions throughout the year.

In 2022-2023, CNUSD had 265 professional learning titles with 671 sessions ranging from 1-8 hours, depending on the training and the setting. CNUSD logged 11,512 staff members attending sessions throughout the year.

For 2023-2024, CNUSD plans 315 professional learning sessions ranging from 1-8 hours for certificated and classified. This includes several training sessions accessed by every educator during teacher training days.
